- English : Intermediate
- Persian : Native

REFERENCE

FARSHAD JANMOHAMMADI

Founder Of Codecotery Inc.

Phone: 0935-242-8088

PROFILE

Front-end Developer with experience in building interactive user interfaces and optimizing web performance. Proficient in React.js, Next.js, and Tailwind CSS for creating fast and scalable applications. Strong collaboration skills with backend teams to solve UI/UX challenges and improve user experience. Optimized website performance

PROJECT

[Portfolio Website \(PWA\)](#)

Tech: Next.js, Tailwind CSS, TypeScript, React Query, Framer Motion
Developed a personal, portfolio-focused website with a responsive, component-driven architecture using Next.js. Used Zustand and React Query for state management and data fetching, enhanced interactivity with Framer Motion, optimized layouts with Tailwind CSS, and configured it as a PWA for offline access and app-like experience.

[Resume Builder \(SPA\)](#)

Tech: React, Tailwind CSS, TypeScript, Zustand, React Query
Implemented a dynamic resume builder with real-time preview, export, modular form schemas, React Hook Form inputs, centralized state with Zustand, and API integration.
Enhanced UX with Framer Motion micro-interactions and clsx-based styling, enabling faster user iteration and maintainable, scalable architecture.

[MCI Mobile-First Clone](#)

Tech: Next.js, React, Tailwind CSS, TypeScript, Redux
Built a mobile-first clone of MCI's core flows using reusable components and structured state management.
Optimized performance with responsive layouts, lazy loading, code splitting, and React Query caching for smoother UX.

WORK EXPERIENCE

Teaching Assistant at Danesh & Fanavari Bamdad Co.

- Collaborated on building responsive, scalable UIs with HTML, CSS, JavaScript, TypeScript, React, and Next.js.
- Assisted students with coding, debugging, and code reviews, while enhancing UI/UX in training projects.
- Bamdad Contact: Ms. Sarkari - 0920 820 0712

CodeCoterie | Frontend Developer

- Developed front-end user interface using React, Tailwind, Next and JavaScript for Web Apps
- Collaborated with other developers to implement new features in a way that is consistent with existing codebase conventions.

EDUCATION

Self-Taught Frontend Developer

Continuous learning through official documentation, online courses, and real-world projects
